Coronavirus Resources for Lincoln County Businesses

Do I have to close?

Oregon has not issued an essential business list. The state, instead, has provided a list of business categories that should STOP OPERATING because the nature of these businesses makes it impossible to adhere to social distancing protocol.

Executive Order 20-12 lists specific categories of businesses that must be closed. Other retail businesses not on that list may continue operating, but only if they can maintain social distancing protocols. Additionally, Executive Order 20-12 does not apply to grocery stores, health care facilities, medical facilities, and pharmacies, but those facilities are encouraged to comply with social distancing protocols whenever possible.

Where do I go for help and resources with my business and employees during this time?

The Small Business Development Center at Oregon Coast Community College provides services and resources for the businesses in Lincoln County. They are here to help with navigating your business through COVID-19.
